Patti Lamando Retires

A surprise announcement from President Mark was the retirement of our super waitstaff person Patti who will be with us only one more week! Patti has landed a full time job and we wished her well with a presentation!

Our Speaker Was Josh Zoia

founder of Lynn's KIPP Academy promoting extended-day learning and counseling. There are currently 310 students attending Lynn's KIPP program and the youngsters apparently are doing extremely well with the concept. Many of the youngsters have taken to

the idea of "working hard and enjoying it" and have participated in lots of after-school programs day after day, week after week!

This all comes as more and more school systems realize that there is more to teaching than just having classes and then going home afternoons. Most families today have both parents who work (assuming that there are two parents which is often not the case) and this can promote "hanging around" which can promote some bad results.

Josh told us to make a school as successful as KIPP in Lynn has become, "You Have To Make It *Good!*"

Josh reminded us that the schools are there, they are heated, and suggested that every school use their facilities to their maximum as many public schools are beginning to do - the big challenge will be the funding - and that must be something in our future!

They didn't.

Sergeant-At-Arms Bob

really tried hard to add to our charity fund Thursday but found it difficult to fine people when so many were working hard to help others!

Iliia Stacy had her photo in the Globe North today but she was preparing food at the time her picture was taken and how could anyone fine her for that?

Lots of members gave up their \$2 happily it seems.

Youth Service Managers

The annual business meeting of YSM, our operations arm of Camp Rotary is being held Monday evening at the Danversport Yacht Club.

Ed was in trouble.

He forgot his wedding anniversary.

His wife was **REALLY** angry.

She told him, "Tomorrow morning I expect to find a gift in the driveway that goes from 0 to 200 in less then 6 seconds AND IT HAD BETTER BE THERE!!"

The next morning Ed got up early and left for work. When his wife woke up she looked out the window and sure enough there was a box gift-wrapped in the middle of the driveway.

Confused, his wife put on her robe and ran out to the driveway, and brought the box back in the house.

She opened it and found a brand new bathroom scale.

Ed has been missing since Friday.

What Paul Harris Said

In My Road to Rotary, chapter 42, 1947

"At our fireside scores of friends from all corners of the globe have delighted us by their presence. They have come as the result of my planting a sapling in 1905. The first Rotary Club was that sapling. It has grown into a mighty tree in whose shade it is delightful to dwell."

November is Rotary Foundation month. The Rotary Foundation allows every one of us to join together from all corners of the world. If Rotary is a mighty tree as Paul Harris suggests it is because of the support of thousands of friends all working towards the same goals.

This year we continue to focus on the eradication of polio; re-connecting with our Foundation Alumni; and fully committing to the belief that Peace is Possible through our Rotary World Peace Centers.

As friends who come together, working on these tasks, we also need to realize that we can only achieve our goals through supporting The Rotary Foundation – Every Rotarian Every Year.
