North Shore Music Theatre Still On A Roll !

President Jim

had fun this noon - he was surrounded by theatre people and that can be a change for a hospital executive!

Our speakers were a team of three women who are involved in the management of the North Shore Music Theatre in Beverly. They told us of the changes in the organization over the years and of the great popularity of musical entertainment throughout the country.

Left to right: Jim Harris, Bridgett Sullivan, Alice Coogan and Julie Avedon.

ceived earlier by our club.

Our Raffle

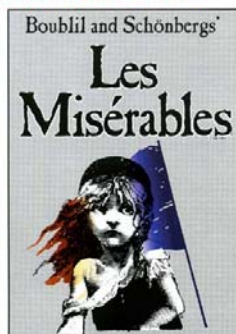

is starting to get active again as Bob Dugas and Nick Sarantopoulos fought the valiant fight - with no winner in sight, yet!

Ilia Stacy

was granted a leave of absence for a few months due to some new Thursday conflicts.

Hopefully past president Ilia will be back among us soon!!

JUST ADDED TO OUR SPECTACULAR 2007 SEASON!

Part of the unique features of their organization are the educational aspects which allow them to teach theatrical skills to youngsters throughout the area. Skilled professionals will present courses for educational credits at various locations. Fairly recently Lynn English High was the venue for presentations and at the conclusion the English students presented a very successful theatrical production raising needed funds for school projects!

North Shore teaches in several schools and visits senior centers, also.

Letters

continue to arrive thanking our club for the 1,100 dictionaries given to Lynn third-grade students.

President Jim read a few of them at our meeting and several letters and "booklets" were also on display that had been re-

Camp Rotary

Camp manager Dick Boldi has sent some nice snapshots from our camp to use in *TIPS* and Camp literature on occasion.

We should be proud of our wonderful camp and the benefits that the boys and girls have when they are able to attend each summer!

Foundation enjoying 'greatest moment,' says Giay

The Rotary Foundation has surpassed its 2006-07 goals, garnering recognition for its credibility and reliability, said Trustee Chair Luis Vicente Giay at the 2007 International Assembly in San Diego.

"There's no question about this — our Foundation is enjoying the greatest moment in its history," said Giay.

More than 200,000 foundations operate in the United States, and The Rotary Foundation now ranks among the top institutions. This year, foundation evaluator Charity Navigator put The Rotary Foundation on its list of 50 best organizations with a maximum rating of four stars.
