Our 2005-2006 Theme

SERVICE Above Self

NO NOON MEETING THURSDAY JUNE 22 - WE MEET AT FRASER FIELD FOR DINNER 6 PM AND JIM HARRIS' INDUCTION AS OUR PRESIDENT!!

Cindy Told Us

about the amazing range of services available to thousands of families through the facilities of the

Lynn Community Health Center - headquartered at 269 Union Street and four other Lynn locations.

"People are finding out about the center and their services" Cindy explained.

- Primary Care Medicine • Family Medicine
- Internal Medicine • Pediatrics
- Nutrition
- School-Based Health Centers & Teen Clinic
- Family Planning/Health Quarters
- Geriatric Medicine • Walk-In Health Service Diagnostics

(in collaboration with North Shore Medical Center) • Laboratory • X-ray • Mammography

The center has a large number of payment options and also can arrange for free care, books and reading for children and adults and special services for new immigrant families who want to learn about their new country and its language!

Cindy's original training was in human services which led her to the Harvard Divinity School where she obtained her master's degree studying various religions. Soon however she felt the pull of helping others so strongly she returned to public service orientation and discovered her skills were on the business organizational side and is now the development officer for Lynn's facility.

Typically they have 24,000 clients annually from Lynn and surrounding communities.

Cindy was originally from Indianapolis Indiana and received her college degree from

Carleton College in Northfield, Minnesota. Her husband Andrew is involved with video production software and their daughter Lydia, age 4 has been a guest at our club!

Welcome Cindy!

JUST A FEW DAYS

literally!! June 30 is the official end of this "Rotary Year" and wearing your editor's other hat, that of Foundation Chair for our club, I sincerely request that those of you who have NOT helped our Rotary Foundation this year with your \$100 annual contribution *please do so this week!*

Our Foundation is the working arm of Rotary - the work we all love to read about and are proud of! If we do not contribute, they do not have our financial support for the work of Rotary for which the world knows us as Rotarians.

It is important. Please give today! I will do the paperwork for you - just get me your check!

TWO \$3,000 SCHOLARSHIPS AWARDED!

Rich Cuffe, committee chair announced today winners of the 2006 Thomas Maloney Memorial Scholarships! Both winners are from Classical High and will be presented the awards in person at a future meeting of our club!

Tom Maloney was an active member and

FINAL ISSUE OF TIPS FOR A WHILE

Next week your editor will be heading for the Rotary International convention in Sweden and Denmark.

However, Virginia has promised that you will receive important news and announcements so watch your Emails for those during my absence.

Unfortunately, those of you that receive TIPS by U.S. Mail will not be receiving any newsletter information during that period.

Maloney Scholarships, Continued

president of Lynn Rotary in 1991-1992. He died in August of 1997. The scholarships are named in honor of Tom.

This year's recipients will be:

Joel Rojas Moscoso
and
Alexandria Pierre

Why I Am A Rotarian . . .

Our Dental Mission team was four and we traveled by dugout canoe on the Kruta River. We worked in two different villages from sunup to sundown.

The line of patients never finished. Our working conditions were terrible. All of us were tired all the time but at the same time it was very satisfying, as what we were doing was certainly needed.

When we returned to Puerto Limpura, a town of only perhaps 1500 and a dirt runway for our military C-47, I spent some time with the resident physician who while meeting with me was doing his required duty for his country.

He was frankly not very interested in our work. Then I asked him while making polite conversation "Do you have any Polio in Honduras"? "NO" he said, "we had a program called Polio Plus and now no more Polio-- It's wonderful"

I said, "I know Polio Plus because I am a Rotarian". This stranger of a few minutes ago, put his arm around me and with tears said, "Gracias mi Hermano" (Thank you my Brother).

This was one small, but profound moment for the Doctor and I. Yes, I now have a brother in Honduras because Rotary cares.

PDG District 5580 1985-'86
Rotary Club of Detroit Lakes, MN

Group Study Exchange Team Members from Amsterdam

are still in our area. This past week they have been attending events in Peabody, Marblehead and other communities and have been visiting businesses with similar vocations to their own.

Pictured below is the team in their Hawaiian outfits during luau night at our district conference in Hyannis!

Visitors & Guests

Terry Wade from Kingston, N.H., guest of Art Horgan and Evelyn Fredrickson, guest of Vin who continues to look terrific!

Our \$175 Pot

was attempted by President Virginia and Jerry Bovardi. Nuf sed.

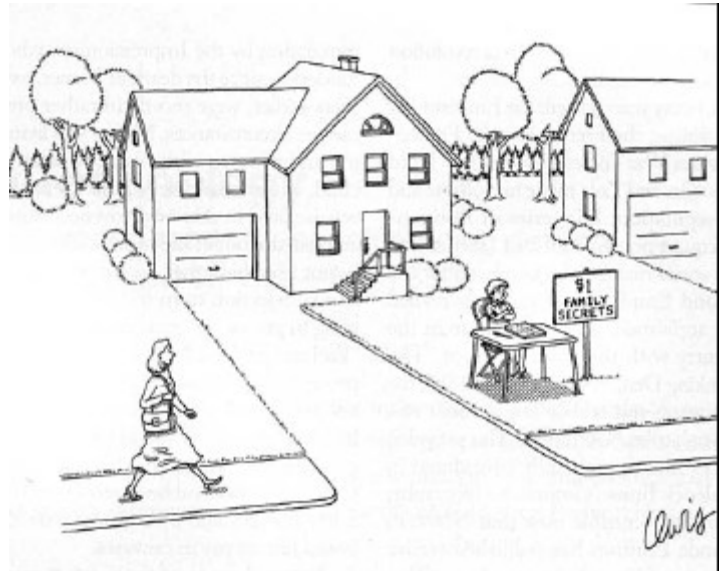

UNESCO discusses 'Action for Water' at Rotary Day

"The world is facing a water crisis," said James Michael Kulikowski, a representative of UNESCO's director-general at the first UNESCO Rotary Day.

"Action for Water" was the theme for the event, held 12 May at UNESCO headquarters in Paris. More than 200 Rotary members and guests from approximately 20 countries attended.

"We have the scientific knowledge and action. We need to bring the solutions to the people who need them, particularly at the local level," said Kulikowski.

Providing an overview of today's water challenges, Andras Szollosi-Nagy, deputy assistant director-general for the natural sciences of UNESCO, explained that 97 percent of the earth's water supply is salt water. Of what remains, 90 percent is held in ice, glaciers, or underground. Only .007 percent is available for human consumption — based mostly in nine countries that hold 60 percent of the earth's water supply. Access to water will increasingly bring power struggles similar to those for oil or nuclear energy.

GREETERS' SCHEDULE

NEXT MEETING:

- June 8 - Gene Hastings & Obie Barker
- June 15 - Dave Richardson & Art Horgan
- June 22 - Meet At Fraser Field - No Greeters!
- June 29 - Mark Kennard & Virginia Doocy
