## On Safari in Zambia, Africa

### Dr. Joan McCormack

an audiologist and a member of the Swampscott Rotary Club, gave us a beautiful overview of a recent trip she and her family took to Zambia, officially the Republic of Zambia, a landlocked country in Southern Africa.

The neighboring countries are the Democratic Republic of the Congo to the north, Tanzania to the north-east, Malawi to the east, Mozambique, Zimbabwe, Botswana and Namibia to the south, and Angola to the west.

Joan showed us some beautiful pictures of the animal and other wildlife there and encouraged everyone to go on a safari like this if they possibly can! "It's quite safe", she indicated - "the professional tours make sure of that!"

Thank you, Joan !!

### Thank You Calantha Sears!

Some of our members may remember Winthrop ("Win") Sears, a carpenter & builder from Nahant, who was a member of our club for several years.

Calantha, Win's spouse, still gets *TIPS* each week, mailed to her home in Nahant.

In appreciation of our club and what we do to help others, both locally and worldwide through Our Rotary Foundation, your editor received her donation in the mail this week with a nice note!! Wonderful!

OOPS! Her gift reminded me that Clara and myself typically send our annual Foundation check in October - so it, too, got into the mail this week.

### Remarkable!

Wonderful things apparently happen in "pairs" !

When your editor arrived home today after our meeting I found in the mail a lovely note from Helen McSweeney, whose husband David G. McSweeney was a member of our club!

Helen commented (she still receives *TIPS* each week in the mail) of the wonderful things she reads about Rotary and how close we are to eliminating Polio from the world.

She remembers when she was head nurse at the former Lynn Hospital there was a terrible Polio epidemic. One of the wards was turned into a Polio ward and patients were placed in Iron Lungs - some died and some lived but were paralyzed for life.

God is so good, she said, now there are medicines and soon there may be no Polio!

Helen sent me a check for the Foundation in memory of her husband.

**Thank you, Helen! !**

### Our \$666 Club Raffle Pot

was down to 13 cards today and Maria Bazzi and Adam Sherman vied to be winners!

However, as last week, the money is safe once again! 11 cards left !

### Can You Believe?

Couples in Mexico City could soon use "renewable" marriage contracts to try living with their other half *before* making a lifetime commitment !

**World Polio Day, October 24, puts polio eradication in the spotlight.**

Help promote Rotary's work to rid the world of this crippling disease.

## President Steve
