Rotary Scholarship Awarded !

Virginia Sanabia Will Attend
UMass Amherst

VIRGINIA SANABIA - is soon to graduate from English High School. She achieved a 3.59 GPA and ranked 23rd out of 366 in her class. She served as a member of the Junior ROTC program and was a class officer (Secretary) for the past three years. She has also participated on the JV Track & Field Team, the English Item School newspaper, Future Teachers Club, numerous community services programs and events and was the recipient of many awards in recognition of her leadership and good citizenship. She will be attending UMass Amherst this fall where she intends to major in health sciences.

In the picture above you see Marine Sergeant Major Ken Oswald representing English High School, Virginia and presenter Rich Cuffe.

Our Presenters Today

were, left to right, Jennifer Flanagan, President Michele and Tracey Chalifour. Jennifer, a cancer survivor was urging everyone to walk in the upcoming cancer walk **June 21st in Salem** sponsored by the North Shore Medical Center.

Tracey was informing all of us about the new Mass General/North Shore Center for Outpatient Care opening in June in Danvers

Thomas Finneran

**Former Speaker
Massachusetts
House**

will be our featured speaker at next week's meeting thanks to Loretta!

What will happen to Massachusetts with all the new taxes being voted in by our current legislature?

Thomas was famous for his several innovations on Beacon Hill and many events that made him well known!

The notion of a hands-off approach is something Finneran cared about so deeply as it ran counter to everything that was known about the controlling, detail-oriented man who ran the House. But for the eight years Finneran presided as a speaker of unchallenged power, he seldom felt the need to agonize over his words or his image. Indeed, he was every inch the happy warrior, a sharp-tongued figure who freely expressed his opinions.

Invite some friends to Rotary next week - you and they will not be disappointed!

Photo courtesy Boston Globe

where just a few years ago stood the production facilities for GTE/Sylvania and prior to that, the TV picture tube factory of CBS Hytron!

The new hospital center will enable care for thousands of North Shore patients eliminating many of the trips to Boston that have been required in the past. The cancer center formerly off 128 near the Salem Country Club is being moved to this new facility also.

What is outpatient care? This refers to health care procedures and visits that do not require an overnight stay in a hospital or a visit to an emergency room - everything from minor surgery to MRIs, many types of cancer treatment and doctor's office visits.

Our \$407 Pot

was the victim of a concentrated effort by Dave Richardson and Bob Dugas the money is safe for one more week!

Camp Rotary Inspection Team

This past Tuesday several members of our club visited Camp Rotary to see for themselves what will be involved for our proposed replacement of our 6 oldest cabins with new, modern cabins similar in most respects to the ones built four years ago.

Included in the Rotarians and guests were Camp Director Rich Cowdell, Camp Manager Dick Boldi, Jerry Bovardi, Bob Dugas, Camp Rotary, Inc. chair David Richardson, Jack & Rosalie Ryder, Bill Simpson, Gene Hastings and YSM president Brian Magrane.

The team visited both the newer cabins and the old cabins that are scheduled to be replaced.

To keep our camp competitive with other simi-

larly-priced overnight

camps, our YSM directors feel that we must continually replace old, worn facilities in addition to adding new, exciting programs and features for the entire 8-week scheduling!

We have currently signed up more campers this year than last year at this time, a very encouraging sign of progress.

Camp Rotary Incorporated

held their scheduled meeting Thursday morning at the Porthole. Much was discussed about the proposed cabin replacements at camp but no vote on finances was taken as the actual costs of the construction have not yet been received from the potential 3 construction firms who have been working on our blueprints.

It is anticipated that in 3 to 4 weeks we should have firm bids from the contractors and supply firms and at that time another meeting will be called for the vote.

President David Richardson and corporate secretary Arthur Horgan felt that overall, most members appeared to be in favor of going ahead with the cabin replacements depending on the actual costs that are received.

Thank You!

Your club's Rotary Foundation chair received another \$200 from club members this week as their Foundation Contributions for the 2008-2009 "Rotary Year" !!

THAT LEAVES SEVENTEEN CURRENT CLUB MEMBERS WHO HAVE YET TO GIVE TO OUR FOUNDATION !!

NEARLY 50% OF OUR MEMBERS HAVE CONTRIBUTED NOTHING THIS YEAR!

AS LYNN ROTARIANS, SHOULD WE BE PROUD OF THAT?

Foundation honors Mittal for \$1 million donation for polio eradication

The Rotary Foundation has honored Usha Mittal for her US\$1 million contribution to Rotary's polio eradication efforts.

In a reception at the House of Lords in London, Foundation Trustee Chair Jonathan B. Majiyagbe presided as Usha and Lakshmi Mittal were inducted into the Arch C. Klumph Society, which honors people who give at least \$250,000 to the Foundation.

"It seems fitting," remarked Majiyagbe, "to convene in the House of Lords, the seat of such a proud tradition of leadership, to recognize the future unfolding before us -- a future where our world is polio-free, a future where peace is possible."

Mittal and her husband, Lakshmi, chairman and CEO of ArcelorMittal, the world's largest steelmaker, are originally from India but now live in London, where the company is based. Those attending the reception included Rajashree Birla, another major supporter of Rotary's polio eradication efforts.

In May 2008, Birla arranged a meeting with Mittal to discuss polio eradication. Mittal responded with a \$1 million contribution to the Foundation in support of Rotary's US\$200 Million Challenge. Rotary has committed to raising \$200 million over the next three years in response to \$355 million in grants from the Bill & Melinda Gates Foundation for polio eradication.

"Polio is a devastating disease which still continues to cripple children in some vast populated areas of the world -- namely India, Pakistan, Afghanistan, and Nigeria, the four remaining countries where the virus is still endemic," said Mittal.

Usha and Lakshmi Mittal (center) were inducted into the Arch C. Klumph Society during a reception at the House of Lords in London. Also present were Rotary Foundation Trustee Chair Jonathan B. Majiyagbe (left) and Rajashree Birla, a friend of the Mittals.

GREETERS' SCHEDULE

June 4 - Diana Moreno & Cindy Steger-Wilson

June 11 - Virginia Doocy & Obie Barker

June 18 - Jerry Bovardi & Elaine Kurkul

Please remember, Greeters have to **BREAK DOWN** also !!
