**US \$100**  
**EVERY YEAR**

## *A Remarkable Presentation!*

### **North Shore Recovery High School** Literally Saves Lives of Young Boys & Girls On Drugs

Our 2011-2012 Theme

### **Michelle Lipinski**

Principal of the North Shore Recovery High School in Beverly had our meeting of Rotarians and guests riveted in silence as she and her guest student Alyssa told of the incredible drug and substance abuse in our country's schools that teachers are just beginning to learn about!

Michelle explained that most teachers today have no comprehension that many of their students have a growing substance abuse - it seldom shows in the classroom but is *destroying* the boys and girls and their abilities to learn - quite often their parents have no idea either "until it is too late".

Alyssa was a wonderful speaker - she told us how she tried this medication and that one as her friends suggested and then, no longer effective tried more and more as her buddies sat around evenings having wonderful experiences until, for many it was too late.

Alyssa said she and her friends were about 14 at this time - she was an "A" student and a leading figure skater too! By the time she tried Heroin at the urging of her friends, it was too late to turn back, she told us.

Fortunately, upon a collapse she was found by police, rushed to the hospital and was revived - after a long medical series of events she was introduced to the **North Shore Recovery High School in Beverly** which was just what she needed!

Trained experts provided Alyssa with just the right skills to return to her learning abilities and this year she will be graduating from Clark University in Worcester ! !

Michelle explained that the most recent data show that 82.4% of Junior High & High School students now use drugs! This has skyrocketed in just the past few years!

### **Visitors & Guests**

We had 2 guests today at Rotary - Bill Simpson brought Rev. Eric Nelson, pastor at the Washington Street Baptist Church who gave our invocation.

Our other guest was Colleen Dolan, executive director of the Northshore Education Consortium. They operate the North Shore Recovery High School in Beverly. (Photo at right is of Colleen listening to the program.)

### **Past President Elaine**

conducted our meeting today as our new president was vacationing in New Hampshire! She not only gave our speaker a Lynn Rotary mug but drew the tickets for our **\$323 pot!**

Again this week Obie was a winner and then Rich Cuffe challenged with his ticket - but the money is safe for one more week.

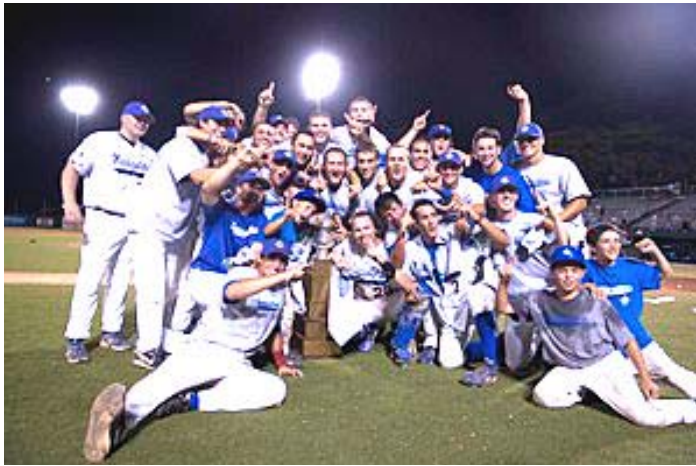

### **Our July Birthdays!**

*Jerry Boardi*  
*Diana Moreno*  
*Jo Ann Noyes*  
*Janis Reardon*  
*Jack Ryder*

**Our July 21st Meeting  
Will Be Cheering On  
The North Shore Navigators!**  
(We will not be at the Porthole)

**Our 2011 - 2012 RI President and Spouse**

**Kalyan Bannerjee and spouse Binota !!**

Banerjee is a director of United Phosphorus Limited, the largest agrochemical manufacturer in India, and the chair of United Phosphorus (Bangladesh) Limited. He is a member of the Indian Institute of Chemical Engineers and the American Chemical Society, a past president of Vapi Industries Association, and former chair of the Gujarat chapter of the Confederation of Indian Industry. He earned a degree in chemical engineering from the Indian Institute of Technology, Kharagpur, in 1964.

Banerjee's wife, Binota, is a social worker and Inner Wheel club member. The couple have two children and four grandchildren.
